How to Make Air Fryer Cheesy Garlic Rolls

Step 1: Prep the Dough

Cut the biscuit or pizza dough into equal pieces. Flatten each piece into a small round disc with your hands.

Step 2: Add Cheese

Place about 1 tablespoon of shredded cheese in the center of each dough piece. Pinch and seal the edges to form a ball, making sure no cheese is exposed.

Step 3: Make Garlic Butter

In a small bowl, mix melted butter with minced garlic and a pinch of salt. Add chopped parsley if using.

Step 4: Brush the Rolls

Brush each dough ball generously with the garlic butter mixture.

Step 5: Air Fry

Place the rolls in a single layer in your air fryer basket (do not overcrowd). Air fry at **350°F (175°C)** for **7-9 minutes** or until golden brown and cooked through.

Step 6: Optional Finishing Touch

Brush with more garlic butter right after cooking and sprinkle with parmesan cheese for extra flavor.

Tips for Perfect Rolls

- **Seal Tight:** Make sure the cheese is fully sealed inside the dough to prevent leaks.
- **Don't Overcrowd:** Cook in batches if needed to allow even airflow in the air fryer.
- **Cheese Options:** Try mozzarella for stretchiness, cheddar for bold flavor, or mix both!
- **Add a Dip:** Serve with marinara, ranch, or garlic aioli on the side.
