•? Frequently Asked Questions

Q: Can I use sweet potatoes instead?

Yes! Sweet potatoes can be used in place of regular potatoes for a sweeter version.

Q: Can I skip the flour?

Flour helps bind the pancakes, but you can substitute with breadcrumbs or a gluten-free flour alternative.

Q: Why are my pancakes soggy?

This usually happens if you don't squeeze out enough moisture from the potatoes and onion. Make sure the mixture is as dry as possible before cooking.

Q: Do I need to flip them?
