About Bosch:

Robert Bosch Middle East is a fully-owned subsidiary of Robert Bosch GmbH, which has been operating in the Middle East for over 90 years. Robert Bosch Middle East sells automotive parts and equipment, power tools, thermotechnology, security systems, engineering and business solutions, drive & control technology, and home appliances to a broad customer base in the Middle East region. With a total workforce of over 140 associates, the Middle East is a key growth market for Bosch. The Bosch Group is a leading global supplier of technology and services.

It employs roughly 401,300 associates worldwide (as of December 31, 2021). According to preliminary figures, the company generated sales of 78.8 billion euros in 2021. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology.

As a leading IoT provider, Bosch offers innovative solutions for smart homes, Industry 4.0, and connected mobility. Bosch is pursuing a vision of mobility that is sustainable, safe, and exciting. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source.

The Bosch Group's strategic objective is to facilitate connected living with products and solutions that either contain artificial intelligence (AI) or have been developed or manufactured with its help. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life."

Bosch in the Middle East is part of the Bosch Group, a leading global supplier of technology and services. The Bosch Group's strategic objective is to deliver innovations for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life."

By acting in an economically, environmentally, and socially responsible manner, we want to improve people's quality of life and safeguard the livelihoods of present and future generations. We aim to make renewable energy more affordable and mobility even safer, cleaner, and more economical, and to develop eco-friendly products across the board.
