Ingredients

- 150 g yogurt
- 120 g sugar
- 380 g flour
- 8 g baking powder
- 120 ml vegetable oil
- A few drops of vanilla essence (or a pinch of vanillin)
- 200 g semi-sweet chocolate
- 2 tablespoons almonds, chopped

Preparation

Step 1: Prepare the Dough

In a large mixing bowl, whisk together the **yogurt, sugar, vegetable oil, and vanilla essence** until smooth and creamy.

Add the **flour and baking powder**, then mix well until all the ingredients are fully combined and a soft

dough forms.

Step 2: Shape the Cookies

Take small portions of dough and roll them into balls.

Gently flatten each ball to form cookie shapes.

You can shape them round, oblong, or use cookie cutters for fun designs.

Step 3: Bake the Cookies

Preheat the oven to **180°C (350°F)**.

Line a baking sheet with parchment paper and arrange the cookies on top.

Bake for about **20 minutes**, or until lightly golden.

Remove from the oven and allow them to cool completely.

Step 4: Prepare the Chocolate Coating

Melt the **semi-sweet chocolate** using a bain-marie (double boiler) or in a microwave-safe bowl.

Once melted, stir in the **chopped almonds** until they are fully coated in chocolate.

Step 5: Coat the Cookies

Dip each cooled cookie into the chocolate-almond mixture, ensuring it is evenly coated.

Let the excess chocolate drip off, then place the cookies on parchment paper.

Step 6: Let the Chocolate Set

Allow the cookies to rest at room temperature until the chocolate sets completely.

This may take some time, but it's worth the wait!

Serving

Once the chocolate has set, your **crunchy-on-the-outside, soft-on-the-inside cookies** are ready to enjoy. Perfect with tea, coffee, or as a sweet snack anytime!
