Instructions: Classic No-Bake Version

Step 1: Make the Crust

In a bowl, mix the graham cracker crumbs and melted butter until the crumbs are fully coated.

Step 2: Form the Crusts

Line a mini muffin tin with paper liners. Press the graham cracker mixture firmly into the bottom of each liner to create small crusts.

Step 3: Prepare the Filling

Beat the softened cream cheese until smooth. Gradually add powdered sugar and vanilla extract, beating until creamy and well combined.

Step 4: Assemble the Cheesecakes

Spoon the cream cheese filling over each crust, smoothing the tops with a spoon or spatula.

Step 5: Chill

Cover and refrigerate for at least 2 hours, allowing the cheesecakes to set.

Step 6: Serve

Serve chilled. Garnish with fresh fruit, chocolate, or your favorite topping if desired.

Instructions: Air Fryer Version (For a Crispier Crust)

Air fry the crusts for 4-5 minutes until they turn golden and crisp. Let them cool slightly before adding the filling.

Step 3: Prepare the Filling

Beat the cream cheese, powdered sugar, and vanilla as above.

Add the cream cheese filling on top of the cooled crusts. Smooth the tops and refrigerate for at least 2 hours.
