7. In the morning, preheat your oven to 350°F (175°C).
8. Remove the plastic wrap and drizzle the melted butter over the casserole.

Variations & Tips

For a nut-free version, simply omit the pecans. You can also add a handful of raisins or dried cranberries for a fruity twist. If you prefer a less sweet casserole, reduce the amount of maple syrup or use a sugar-free alternative. For a richer flavor, try adding a pinch of nutmeg or allspice to the egg mixture. To make it dairy-free, substitute the heavy cream with coconut milk and use a dairy-free butter alternative.
