Raytheon Careers

About Raytheon company:

Raytheon Technologies Corporation is an aerospace and defense company that provides advanced systems and services for commercial, military and government customers worldwide.

It includes four industry-leading businesses—Collins Aerospace, Pratt & Whitney, Raytheon Intelligence & Space and Raytheon Missiles & Defense. With 174,000 employees, the company is pushing the boundaries of avionics, cybersecurity, directed energy, electric propulsion, hypersonics,

quantum physics and more. Raytheon Technologies formed in 2020 through the combination of Raytheon Company and the United Technologies Corporation aerospace businesses.

Raytheon Technologies serves customers in the commercial aerospace and defense industries. We combine complementary technology offerings and world-class engineering teams to deliver innovative solutions.

At Raytheon Technologies, we're accelerating ideas to solve some of the world's biggest challenges by bringing together the brightest, most innovative minds across aviation, space and defense.

We form an unrivaled company, with one team coming together across the globe to push the limits of known science and redefine how we connect and protect our world. We are advancing aviation, building smarter defense systems and creating innovations to take us deeper into space.

"Our 61,000 engineers and scientists are leaders in their fields with technical depth and breadth across key R&D areas. Just as important, they love the challenge of solving our customers' hardest problems, and this inspires them to develop new technologies that push the boundaries of known science."

Specialties:

Advanced sensors, aerospace, aerostructures, avionics, air and missile defense systems, aircraft engines and auxiliary power units, command and control systems, cyber and software solutions, defense, digital, mechanical systems, power controls, precision weapons, program management, radars, scientific research, software development, space, technology, and training
