Sahara Healthcare City Careers

About Sahara Healthcare City:

Due for completion in Q3 2020, Sahara Healthcare City aims to become the UAE's first medical destination to offer medical and surgical treatment, served by professionals all gathered under one roof to provide assistance to patients of the UAE and beyond.

Sahara Healthcare City is a significant new project currently under construction, adjacent to Sahara Centre, on the border between Sharjah and Dubai. This unique location will, therefore, enable it to provide its services to patients and healthcare experts and professionals in both Emirates.

Due for completion in Q3 2020, Sahara Healthcare City aims to become the UAE's first medical destination to offer medical and surgical treatment served by professional competencies of different disciplines – all gathered under one roof – to assist patients of the UAE and neighboring countries.

Through strategic partnerships with global medical specialists, the group will cover a broad range of healthcare services, and the city will combine academia with clinical responsibilities supported by the most advanced medical technology.

The city offers a one-stop solution to the healthcare needs of the community that benefits from a strategic location, with clear visibility from the main road as it is located alongside the Dubai-Sharjah road.

The project is part of Sahara Centre, one of the most popular shopping destinations in the UAE, and the proposed development located on the border between Sharjah and Dubai, which is surrounded by high-density communities. The surrounding area of Sahara Centre is also well serviced with several residential, commercial, healthcare, and educational facilities. Also, the proposed development will cater to the surrounding area and to Sahara Centre visitors – Sharjah residents and travelers coming from Dubai, who comprise 45% of Sahara Centre's visitors.

Why Invest in Sahara Healthcare City?

1. Strong Market Potential

Revenue generated from sales within the UAE healthcare sector is forecast to grow at a compound annual growth rate (CAGR) of 7.5% over the over the next five years to reach AED 39.4 billion (\$10.7 billion) in 2021, new analysis from Dubai Chamber of Commerce and Industry predicts

2. Growing Demand

Growing demand for highly specialized services, coupled with an aging population, mandatory healthcare insurance, a steady rise in GDP per capita, and a prevalence of lifestyle diseases.

3. Lack of Centralized Medical Facilities

There are currently no centers of excellence or specialized medical centers in Sharjah; therefore, opportunities exist for highly specialized facilities in the fields of oncology, pediatrics, and diabetes.

The medical facilities market in Sharjah is under-served and steadily growing, with opportunities available for investment in this up-and-coming sector.

4. Adjacent to Sahara Center

Sahara Healthcare City gains access from the mall as well as from the new residential towers. Its location has the following benefits:

- Strategic location on the border of Sharjah and Dubai

- Access to the Northern Emirates
- Close to Dubai and Sharjah airports
