About SMC Hospital:

Located in the heart of Riyadh the capital of Saudi Arabia, the Specialized Medical Center Hospital with its towers and its 2 branches on King Fahad Road and King Abdullah Road has become one of the modern landmarks in the Kingdom since its inception in 1999. Specialized Medical Center Hospitals consisting of over 500 inpatient beds and over 250 outpatient clinics in 2 branches served by a

dedicated and highly qualified national & international team of over 400 physicians and 3,000 paramedical and support staff.

Health and wellness are among the most valuable things for every human being, and therefore we always strive to protect them in all possible ways and means. Over the years, the health and preventive care services that are being provided in the Kingdom of Saudi Arabia have evolved, where medical services and health care are provided at the highest levels and international standards of health care.

QUALIFIED DOCTORS

Hundreds of doctors work in the clinics, most of them are consultants in all various medical specialties and subspecialties. These doctors combine high efficiency with the necessary experience, which makes them a distinguished scientific reference in the medical sector in the Kingdom, and they are supported by more than 2,500 technical, nursing and administrative cadres.

EMERGENCY

Ambulance departments are equipped with all equipment, devices, and tools to receive all emergency and critical cases, as well as accident cases, with the possibility of conducting all laboratory and radiological examinations and surgical operations around the clock.

YEARS OF EXPERIENCE

More than two decades in providing the highest levels of curative and preventive health care services, and the Specialty Medical Center hospitals are among the leading medical centers in this field.

OUR SERVICES

We have a staff of the highest level of skill and accuracy who works around the clock to serve customers in organizing appointments for examination, consultation and treatment, coordinating appointments at specific and accurate times, reviewing medical records and providing an approximate statement of the cost of treatment.
