Valiant Hospital Careers

About Valiant Hospital:

Valiant Clinic is a premium, multi-specialty hospital offering world class integrative healthcare services. The physicians and allied health professionals provide evidence-based care following international standards of excellence. They encourage healthy living and increased awareness about early detection and diagnosis for all of their patients. Valiant Clinic is here to help you manage your health and well-being in a manner that is collaborative and customized.

valiant hospital jobs

Born out of His Highness Sheikh Mohammed Bin Rashid Al Maktoum's vision of a healthier nation, Valiant Clinic & Hospital aims to be the trusted leader in providing internationally recognized, patient-centered care. Our healthcare professionals practice evidence-based medicine focusing on practical and accurate diagnosis and holistic treatment across a full range of medical specialties.

We aim to transform your patient experience, through our world-class facility, advanced technologies and service excellence.

**THE FUTURE
OF HEALTHCARE,
TODAY.**

Valiant Clinic & Hospital provides a comprehensive range of medical services and specialties that cater to the health and overall wellness of an individual, as well as the larger community.

We specialize in health check-up programs, corporate wellness programs, psychology and mental health services, outpatient clinic, inpatient services, and diagnostic services.

Our urgent care centre treats non-life threatening conditions. If you or someone you know is experience life-threatening symptoms, you should contact emergency services which in the United Arab Emirates means **dialing 998**.

Our urgent care centre specialises in the treatment of non-life threatening injuries that require urgent medical care, such as fevers, cold & flu symptoms, burns and rashes, stomach ache and more. You will be seen by one of our urgent care doctors who will have access to the latest medical diagnostic technology to help with conducting an in-depth physical examination.

Anesthesiology is a specialized medical field that involves the use of anesthetics to ensure safe and comfortable hospital care. At a hospital such as one located in Dubai, anesthesiologists manage patients before, during, and after surgery or other procedures. They are responsible for assessing a patient's pain level and selecting the proper type and dose of anesthetic agent based on the individual's health, age, body size, and other factors.

Anesthesiologists also monitor vital functions such as blood pressure and heart rate throughout the procedure. Anesthesiologists have advanced knowledge in physiology, pharmacology, physics and math to understand patient reactions to different classes of drugs they administer. This in-depth understanding allows them to keep patients safe while they are undergoing medical procedures.
